CRISIS NOW

**Ketchikan Reentry Coalition** Seek to keep the community safe by reducing the barriers reentrants must face when returning to the community. Also, KRC will reduce recidivism by working cooperatively with the reentrant and all involved community and state agencies.

**Strengthening Cultural Unity** builds SOCIAL JUSTICE and UNDERSTANDING among the different cultural, ethnic, and social groups within our community. There is a strong focus on health equity in particular with the Filipino Community in Ketchikan as well as a revival of cultural connections within the community as a whole.

**Imagination Library** PLACES books into the homes of young children in an effort to improve early literacy and kindergarten readiness.

**Ketchikan Drug Prevention Coalition** is a community where we PREVENT alcohol and substance misuse, SUPPORT recovery, and CONFRONT stigma.

**Icelandic Youth Prevention Coalition** is a community wide movement that focuses on supporting and connecting with our youth to help them achieve their goals, and through this process, support primary drug prevention at a community systematic level.

**Behavioral Health Taskforce** works to DECREASE the stigma associated with mental illness, to INCREASE access to mental health resources, and to PREVENT suicide deaths. Particular focus this year will be on providing resources to the community on social media safety, online bullying, and ways to talk with your friends and family about the digital world addictions.

**Building a Healthy Community** PROMOTES physical activities, works to DECREASE obesity, and EDUCATE about nutrition. This Taskforce also includes **Ketchikan Community Gardens** which is a network of community gardens that aim to BUILD knowledge and DEVELOP food security. **Island Recycles** is another community led taskforce that increases ECO-FRIENDLY waste practices within Ketchikan and the surrounding communities.

**Ketchikan Crisis Now** is working to improve ACCESS to crisis care within Ketchikan and nearby areas. Someone to TALK to, someone to RESPOND, and somewhere to GO.
